

South West Swim Session Name: Dryland 11

Date: 09-11-2020

Voluntary Session Fee To Support South West Swim

All of South West Swim's session content is currently being provided free of charge, as our main aim is to give swimmers support and ideas, as well as keeping you fit and engaged with your swimming.

However, it does take a lot of our time to prepare, release and present these sessions to you. If you enjoyed the session and want to contribute to our work, it would help us keep going during the lockdown period. You can do this in two ways:

1. By logging into your SWS Booking account [HERE](#)
2. By Donating a session fee via Paypal [HERE](#)

You will find 3 contribution levels of £4, £6 or £10 in our booking system (or 4 if you did not want to contribute). We have suggested these same donations when using PayPal, or you can add a donation of your choosing.

If you are not able to contribute please still enjoy the session, this is a voluntary scheme and we understand many may not be able to contribute. I would like to say a big thank you to those that have helped and donated session fees for their sessions. It has helped to keep us going at this time :).

Session Introduction

We highly recommend you view the Supporting Video before embarking on this session this can be found at

Focus: A Dryland Swim Specific Maintenance Session

Kit Recommended / needed for this session:

Swim Bands / Therabands / Physio bands

Tempo Trainer

Stopwatch / Clock / Garmin

Join us for our “Social Workout with Coach” on Thursday evenings at 7:30pm during lockdown. This will be 45-60mins of group workout with hopefully a bit of fun and social interaction.

Book a FREE spot [HERE](#)

Important Note - Disclaimer

The exercises in these sessions are those that Coach Jason does (or has done) in his own dryland swim specific training for fitness and maintenance. Jason is a Level 2 Swim Coach and can deliver basic dryland sessions but it is important to note that he is not a PT or Fitness Instructor.

You therefore undertake these sessions at your own risk, and by following the plan or video agree to this and that South West Swim are not liable for an injury or loss that is caused. Please take care with the movements and ensure you are holding good form throughout. If something hurts or feels uncomfortable please stop performing the exercise straight away.

Please build up to some of the exercises slowly if needed and perform less time/reps, or vary the exercise accordingly (i.e. remove or change kit to make the movement and exercise easier).

Warm Up

Throughout the sessions we do we will stick to the same warm up plan.

You can find separate video instructions on the warm up [here](#).

By keeping the warm up the same you can get into a pattern of performing it at ease before the main session. Our new warm up can also be used before your swimming sessions with us in squad, or the lakes. Follow the plan below:

- 1. 4-5 minutes of light walking, running on the spot or skipping / skip jumps (or a mixture of all)**
- 2. Leg swings - from the hip, 30 seconds on each leg. Work continuously through the movements (i.e. no rest)**
 - a) Front to back swings (remember both legs)
 - b) Front Cross swings (remember both legs)
 - c) High knee to step back (remember both legs)
- 3. Arm swings - 30 seconds on each arm keep it light movement but under control (i.e. do not swing wildly)**
 - a) Windmill overhead backwards and forwards (change halfway through remember both arms)
 - b) Across Body (remember both arms)
- 4. Neck Mobility 20 seconds of each, relax the shoulders, movement under control**
 - a) Neck rotations with your head around clockwise
 - b) Neck rotations with your head around anti clockwise
 - c) Side Hold
 - d) Chin to chest hold (shoulder back)
 - e) side hold
 - f) Back hold (look up)
 - g) Neck rotations 10 seconds each direction
- 5. Band work for mobilising the shoulders - can be done with or without a External Shoulder Rotations - 20 seconds of each movement**
 - a) With a looped band, hold your arms out to the front with your elbows tucked into your side and gently move your hands outwards, feeling a stretch in the shoulder muscles.
 - b) then move your elbows so they are in front of you, and perform the same action
 - c) Then move your arms above your head and perform the same action

This sequence is great for strengthening the rotator cuff.
- 6. Internal Shoulder Rotations - 20 seconds of each movement**

Attach the band to a mid height (door handle / elbow height) anchor point. We are

now going to move the arm inwards. Start with your elbow pinned to your side with your hand / arm outwards (as if you were making an L shape).. With a fixed elbow move the hand inwards and across the body. Make sure the elbow is pinned to your side at all times.

Notes:

Main

[See video for explanations for all exercises. We highly recommend you watch the video before embarking on the session](#)

Today we are going to build some solid basic swim movements with the bands, we call this **SWIMULATION**. There are **FOUR** parts to work through, using the same pattern of exercises but building in time. We always take **15 seconds of rest time, 60 seconds between each part.**

OPTIONAL: To gain a good rhythm in each exercise use your tempo trainer on mode 3, experiment to find a sweet spot between 50-60spm. We want to keep all movements under control. You do not need a tempo trainer for part 4.

The exercises are:

- 1) High Shoulder pulldown
- 2) Fly Pull Backs
- 3) Front Crawl Doggy Pulls
- 4) Breaststroke Pull Backs

(don't worry if you only do Front crawl in your swimming, our names for the above just emulate the pull patterns)

The Part Timings are:

Part 1 - 15 seconds on / 15 seconds rest

Part 2 - 30 Seconds on / 15 seconds rest

Part 3 - 45 Seconds on / 15 seconds rest

Part 4 - 60 seconds on / 15 seconds rest

Part 5 - 15 seconds on / 15 seconds rest (however we are aiming for very SLOW movements this time around, looking at doing 4-5 reps per 15 seconds block)

Notes:

Take a look at our video on choosing bands and Ideas on anchor points at <https://youtu.be/MvD2OfRNZoM>

Cool Down

5-10 minutes of light stretching. Try the stretching routine in the swim smooth guru at <https://www.swimsmooth.guru/streamvideo/cLi/qR/dryland-stretching-routine>

Session Notes & Tips

Please let me know how you feel this session went, and how / if the video helped you.

I try to design the sessions in moules or blocks, so you can swap things around, mix it up etc depending on fitness level, time available etc.

Try and perform this routine 3-4 times through the week, adjust and mix it up if you wish. We will aim to release a new session each week on a Monday.

If you enjoyed the session and want to contribute to South West Swim then remember to feel free to leave a session fee donation at

https://www.wellnessliving.com/rs/catalog-view.html?id_sale=4&k_id=1722535&k_option=6170728 (you will be prompted to create an account if you don't already have one) or you can do so via paypal at <https://www.paypal.me/southwestswim>
